Students

***Small Group Leaders | (every Sunday, during school year)**

Small Group Leaders are the backbone of our ministry. Our leaders make a commitment to work with one group of 8-12 Middle or High School students for the school year. They lead group discussions on Sunday evenings and encourage students occasionally during the week. This role requires two and a half hours of time on Sunday evenings, a mature and growing faith, and a desire to share Christ with students. All Small Group Leaders must pass a background screen, be interviewed by our Student Ministries Staff, and abide by policies of the ministry. This is one of the most rewarding experiences to which you will ever commit. Contact: Abby Sroufe, x114

Sunday Night Childcare Providers | (1x per month, every other month)

Our ministry desires to free up some would-be Small Group Leaders who have not been eligible to serve because of their need to take care of kids. This requires a new role-a childcare provider on Sunday evening. We are wanting childcare providers to commit to a Sunday evening of service every other month for 2.5 hours. We are likely to have 6-8 kids of various ages, and these providers will work in teams of 2. This takes place at WCC, and training is provided.

Host Home Providers | (1x per month)

Each school year, our small groups meet on one Sunday evening a month at various Host Homes around WCC. We are always looking for adults who are willing to open their homes to these groups. We ask that at least one adult from the home be present when groups meet there and expect groups to stay for about 2 hours. Providing dinner for these groups is not expected.

***Meal Cook Team Members | (3-5 x per school year)**

WCC provides meals on Sunday nights to Student Ministries volunteers and students, a total of about 100 people. We do this by organizing volunteer cooks who provide a portion of this meal 3-5 times each year, in a coordinated effort. Cook teams are often small groups who know each other and work well together, but we are always willing to connect new cooks to existing teams. This is a great service to our students, some who need to have a meal provided in order to join us for Youth Group.
